MSc in Marketing

Master’s Programme in Marketing – full-time study

Objectives:

The objectives of the programme are: To provide insight into international and, especially, East and Central European marketing processes. To understand real business problems and their potential solutions. To increase knowledge of institutional and corporate systems and challenges (by inviting guest lecturers from the business world). To enable students to experience market analysis (by practice and by participation in research). To increase ability in the professional communication of knowledge in English (through conference participation and publications). The programme’s curriculum mixes theory with practice and self-directed learning with the tutor-assisted learning to student knowledge and ability.

The programme include the following specialisations:

- Marketing strategy
- Tourism and Service marketing

These specialisations help students experience the wider dimensions of the economy. They provide professional competence for students:

- To help them find employment at all levels of the business market.
- To enable them to do independent analysis.
- To give them a reliable knowledge for decision making.
- To help them know how to deal with eventual conflicts in business life.

Course structure:

- Number of semesters: 4
- Number of the credit required: 120 study credits
