BACHELOR IN FOOD ENGINEERING (BSc)

Name of faculty: Faculty of Agricultural and Food Sciences
Type and name of qualification: Food Engineer (BSc)
Duration of studies: 7 semesters – full time programme
Intake: September

Programme Introduction:

The purpose of this programme is to equip students with a general knowledge of biology, chemistry, physics, technical sciences and economics; a special knowledge of food sciences; a professional knowledge of food processing technologies and the theoretical knowledge to enable them to proceed with their studies at master’s (MSc) level.

Specialization: None

Structure of studies

The total number of credits needed to complete the programme is 210 credits. The courses of the programme are divided into four categories: compulsory courses (max. 155 credits), optional elective courses (min. 10 credits), placement outside of the institution (30 credits), thesis (15 credits). 1 credit equals one ECTS credit, and 1 credit is defined as 25 student working hours.

Language requirements
