

**SZÉCHENYI
EGYETEM**
UNIVERSITY OF CYŐR

SZÉCHENYI ISTVÁN UNIVERSITY

PREMIUM, HIGH-QUALITY EDUCATION

- Scholarship opportunities
- Diverse student body from around 80 countries
- Study abroad opportunities, international exchange programmes
- Double Degree Programmes
- International Alumni Network
- Focus on engineering, economics and other **STEM** subjects
- Modern sports facilities and leisure activities
- State-of-the-art accommodation on campus
- Comprehensive student health services

MODERN ACCOMMODATION

LIBRARY

RESTAURANTS AND CAFÉS

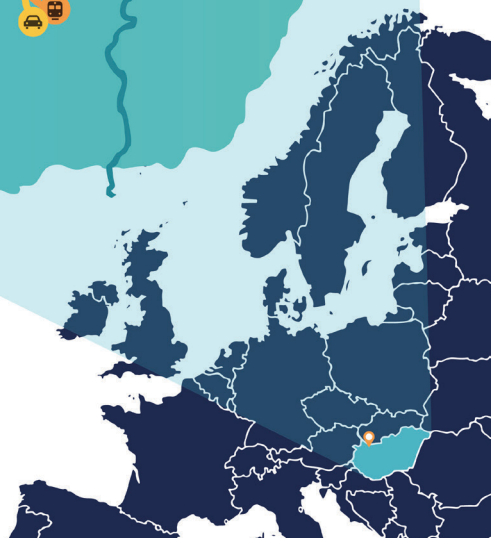

LABORATORIES

GYŐR, "CAPITAL" OF NORTH-WEST HUNGARY

- Győr, Vienna and Bratislava – the "Golden Triangle"
- A city of three rivers
- 400 year old Baroque city centre
- Host to numerous cultural and sporting events
- Centre of culture and innovation
- Secure surroundings and welcoming atmosphere
- Vehicle engineering hub and home of Audi Hungaria

ENGLISH-TAUGHT PROGRAMMES

(Stipendium Hungaricum scholarship support available programmes marked *)

BACHELOR'S PROGRAMMES

BA	International Relations (also available online)*	
BSc	Vehicle Engineering*	
BSc	Logistics Engineering*	
BSc	Civil Engineering*	
BSc	Food Engineering (also available online)*	•
BSc	Agricultural Engineering*	•
BSc	Agricultural Water Management and Environmental Technology Engineering*	•
BSc	Business Administration and Management*	•
BSc	Electrical Engineering	•
BSc	International Business Economics (also available online)*	•
BSc	Sociology*	•
BSc	Mechanical Engineering	•
BSc	Nursing and Patient Care – Nursing Major	•
BSc	Recreation Management and Health Promotion	•
BSc	Business Informatics	•
BSc	Tourism and Catering*	•

MASTER'S PROGRAMMES

MSc	Vehicle Engineering*	
MSc	Motorsport Engineering	
MSc	Electrical Engineering*	
MSc	Infrastructure-Civil Engineering*	
MSc	Computer Science Engineering*	
MSc	Mechanical Engineering*	•
MSc	Computer Science*	•
MSc	Architecture*	•
MSc	Business Informatics*	•
MSc	International Economics and Business*	
MSc	Regional and Environmental Economic Studies*	•
MSc	Marketing*	•
MSc	Supply Chain Management*	•
MSc	Tourism Management*	•
MSc	Healthcare Management	
MSc	Obstetric and Gynecological Sonography*	•
MSc	ESG Expert	
MSc	Nutritional Science	
MA	Architectural Design	
MA	Classical Musical Instrument Performance (Clarinet)*	
MA	Classical Musical Instrument Performance (Flute)*	
MA	Classical Musical Instrument Performance (Piano)*	
MA	Classical Musical Instrument Performance (Trumpet)*	
MA	Classical Musical Instrument Performance (Violin)*	
MA	Conducting (Orchestra Conductor)	
MA	Conducting (Wind Band Conductor)	
MA	Orchestral Music Performance	
MA	Design*	
MA	Modern Technologies and Cybersecurity Law*	
MA	Human Resource Counselling	
MA	Health Psychology*	

also available as a double degree – see below **

DOCTORAL PROGRAMMES

- PhD** Programme in Doctoral School of Business Administration Sciences (SzEEDSM)*
- PhD** Programme in Civil Engineering*
- PhD** Programme in Informatics*
- PhD** Programme in Transport Sciences*
- PhD** Programme in Animal Sciences*
- PhD** Programme in Food Engineering*
- PhD** Programme in Crop Sciences*

POSTGRADUATE PROGRAMMES

LLM/ Law and Governance
Expert/ Law and Governance
Aviation Engineer
Aviation Specialist

**DOUBLE DEGREE PROGRAMMES

- Four-semester MBA Business Administration in cooperation with University of Rhode Island, USA
- Four-semester MSc Tourism Management (SZE) and Sustainable Tourism Management with Politécnico de Leiria–IPL, Portugal
- Eight-semester BSc in Civil Engineering in cooperation with Jiaxing University, People's Republic of China
- Four semester MSc International Economics and Business in cooperation with Integral University, India
- Four semester MSc International Economics and Business in cooperation with University of Cassino and Southern Lazio, Italy

SHORT STUDY PROGRAMMES

- Our flagship Short Study programme is the Audi Development Camp, run in close collaboration with Audi Hungaria, offering real industrial challenges
- We offer tailor-made short study programmes for partners
- Programmes with a range of themes and disciplines, including automotive industry, law, architecture, etc.
- Organized at various points in the year, including non-teaching period
- Duration of one to four weeks
- Successful completion earns microcredentials (credit certification)

WHY CHOOSE SZE?

● MOSONMAGYARÓVÁR

● GYŐR

● BUDAPEST

● ZALAEGERSZEG

9 Faculties

4 Doctoral schools

8 Competence Centres

World Class Student Racing

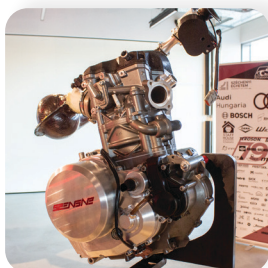

SZEnergy

The SZEnergy team develops a fully electric Urban Concept vehicle, capable of autonomous driving. They currently hold the world record for energy efficiency in the Shell EcoMarathon with 327 kw/h.

Arrabona Racing Team

The Formula Student series team excels in the competition, having won the Hungarian round in 2024. From 2025, the team is competing in the electric category of the Formula Student Series.

SZEngine

The SZEngine team was founded in 2008 by the Audi Hungaria Internal Combustion Engines Department, the Engine Development Department and students of SZE. Previously only engine suppliers, now they have evolved to be an independent racing team with their on car on the Formula Student grid.

Sporting Opportunities

Sport is a priority for the University. These are just the sports in which we are represented internationally. Our strongest sports include water sports, women's basketball and handball and the UNI Győr ETO Hockey club. We also encourage individual sports, such as swimming, judo and rowing.

Uni Győr
Basketball

UNI Győr ETO
Hockey Club

ETO Uni Győr
Handball KC

UNI Győr GYVSE
Waterpolo

Győr Innovation Park

Science and Innovation Park, on a 3.6 hectare site, faces the University on the opposite bank of the River Danube. The first phase was opened in 2023, with the Park set to be one of Hungary's most influential science, technology and business environments, providing tenant companies and start-ups with an environment of innovation and creativity. The mission of the development is to enhance collaboration between enterprises, university researchers and talented students.

Zalaegerszeg Innovation Park

ZalaZONE in the town of Zalaegerszeg has a complex and integrated Research & Development facility, which supports customers and experimental developments. The hub of innovation activities related to ZalaZONE is its Research and Technology Centre where joint research projects with partners from higher education, including Széchenyi István University, take place.

Mosonmagyaróvár Innovation Park (Smart Farm)

The University has a Campus in the town of Mosonmagyaróvár, where the Faculty of Agricultural and Food Sciences is located. On this campus, a Smart Farm is currently being developed to support the research activities of the Faculty in cooperation with the Faculty of Informatics, Electrical and Mechanical Engineering.

MedTech Campus

The MedTech Campus, located in the centre of Győr, is being built on a three-hectare site in three phases. There will be both education and technology-based medical research that will be put into practice. In the future, it is planned that one-day minimally invasive surgery and digital dentistry will be carried out.

Budapest Innovation and Training Centre

The Budapest Innovation and Training Centre, part of Széchenyi István University, is a key educational and professional hub in the capital. It hosts academic programmes, research workshops, and networking events, fostering collaboration between academia and industry. It also supports lifelong learning and global knowledge exchange.
