

# Sociology BA

**Tóth, Péter PhD**

Associate professor, mentor

**Department of Social  
Studies and Sociology**

**Full-time study  
programme**

The Sociology BA programme is designed to give a comprehensive insight into the complexity and diversity of social situations and develop a cross-cultural understanding of the world.

A multidisciplinary and flexible programme based upon three main disciplinary pillars: theoretical courses, methodology, and a wide range of courses focusing on phenomena studied by sociology.

The second BA programme in English at Apáczai Csere János Faculty of Education, Humanities and Social Sciences (2024)

The curriculum is new.

### Requirements:

- to complete 180 credits and 4 PE subjects
- to write and defend the final thesis (alternative options are available)
- to pass the final complex exam

The programme belongs to:

Apáczai Csere János Faculty of Education, Humanities  
and Social Sciences,

The Department of Sociology and Social Studies

The lessons are in 2 buildings

- 42 Liszt Ferenc street (Building No. 1/AK1)
- and in the building of the main campus (check it later in the timetable information)
